INSTRUCTIONS

01

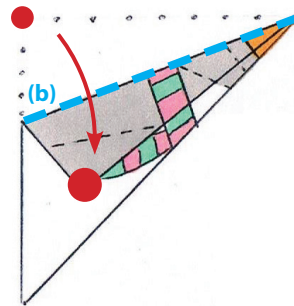

Fold your flat penguin corner to corner with the scarf knot facing upwards along dashed line (a).

Open it up into a square, and fold again in the opposite direction.

The triangle should be like the diagram, with the logo hidden.

02

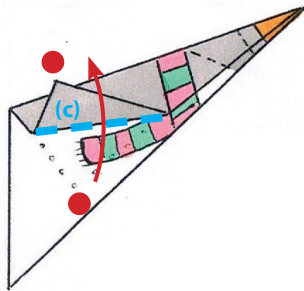

Fold on side of triangle along dotted line (b) single thickness.

Repeat the step on opposite side to create Penguin wings.

The scarf and beak lines should meet along this edge.

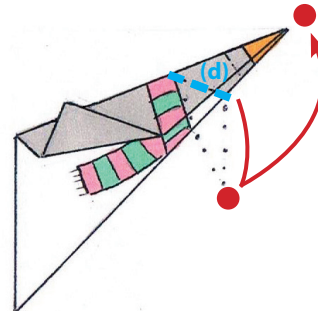

03

Fold along dotted line (c), the corner should just pass the edge of the paper.

Turn-over and repeat.

04

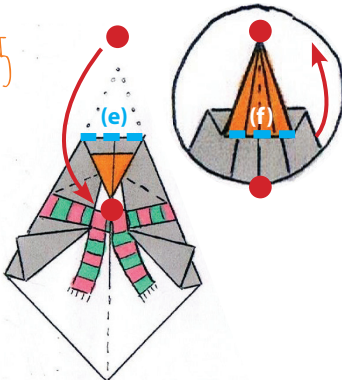

Fold both sides of beak along dotted line (d) in one direction.

Turn-over and fold in the opposite direction.

Open back up to original position.

05

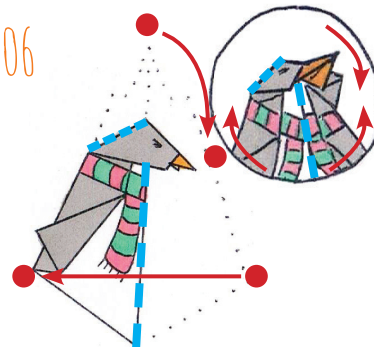

Open triangle up along line (a) to form diamond shape.

Fold along line (e) downwards towards scarf knot.

Fold along line (f) (orange beak) shown in circle diagram.

06

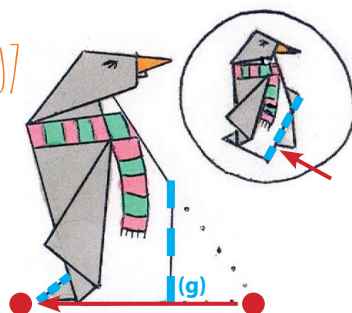

Fold centre line and outside reverse fold line (d) simultaneously.

Can be awkward, so ensure folds are created well.

The head should now be either side of the body and the wings exposed.

07

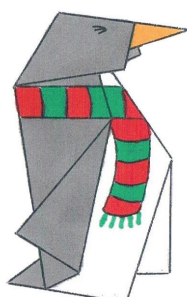

Fold either side of line (g) which is hidden on the backside of the penguin.

The fold point should meet with the top of dotted line on the belly of the penguin.

Inside reverse fold these creases by pushing through centre of penguin as shown in the circle.

08

YOUR CHILLI PENGUIN IS COMPLETE!

Name him / her and show them off!
